

## James Y. Oldshue Lecture

This lecture was jointly established, in 2008, in memory of James Y. Oldshue by the American Institute of Chemical Engineers (AIChE) and the Interamerican Confederation of Chemical Engineering (CIIQ/IACChE). Jim was an important leader and supporter of the CIIQ/IACChE. He was President of the AIChE in 1979 and President of the CIIQ/IACChE in 1995. Jim was a recipient of the prestigious Víctor Márquez award in 1983, which is conferred by the CIIQ/IACChE. Jim was an ambassador of the profession who visited more than 100 countries. It is envisioned that this lecture provide a global perspective of a specific contingent topic. The Oldshue Lecture alternates between the AIChE Annual Meetings and the Interamerican Congresses, which take place every two years.

The following is a list of distinguished Jim Oldshue Lecture speakers:

1. Mr. Carlos Cabrera; President & CEO, UOP; AIChE Centennial and XXIII Interamerican Congress of Chemical Engineering; Philadelphia, PA, USA (2008)
2. Dr. Arthur W. Etchells III, Principal, AWE3 Enterprises; 8th World Congress and XXIV Interamerican Congress of Chemical Engineering; Montreal, QC, Canada (2009)
3. Dr. Esteban Alberto Brignole; Professor of Chemical Engineering at Universidad Nacional del Sur, Bahía Blanca, Argentina, and Senior Researcher of the Argentina's National Research Council of Science and Technology (CONICET); 2010 Annual Meeting, American Institute of Chemical Engineers; Salt Lake City, UT, USA (2010)
4. Dr. Eduardo Falabella Sousa-Aguiar; Senior Consultant, Leopoldo Américo Miguêz de Mello R&D Center, Adjunct Professor at Universidade Federal do Rio de Janeiro, Consultant at the International Centre for Science and High Technology; XXVI Interamerican Congress of Chemical Engineering; Montevideo, Uruguay (2012)
5. Dr. Carlos R. Apesteguía, Professor, National University of Litoral (UNL), School of Chemical Engineering (FIQ). Member of the CONICET's Research Staff, Institute of Research on Catalysis and Petrochemistry (INCAPE), Santa Fe, Argentina. (Subjected to confirmation.) 2013 Annual Meeting, American Institute of Chemical Engineers; San Francisco, CA, USA (2013)
6. TBA. XXVII Interamerican Congress of Chemical Engineering; Cartagena, Colombia (2014)
7. TBA. Annual Meeting, American Institute of Chemical Engineers; TBA, USA (2015)
8. TBA. XXVIII Interamerican Congress of Chemical Engineering; Cuzco, Perú (2016)
